“We are thrilled to be included in the Russell Microcap® Index and believe the addition will increase our visibility in the investment community at a time when our company is at an important inflection point,” said Kimberly S. Lody President and Chief Executive Officer “Occupancy remains steadily above pre-pandemic levels across our portfolio. We have improved the foundational elements of our business focusing on financial stability, differentiated resident programming and operational excellence. As we move into the growth-focused phase of our strategic plan, we are well positioned to serve the fast-growing middle market senior population.”
